CORNELLÀ DE LLOBREGAT (BARCELONA)

CATALONIA 22-27 MARCH 2015

WELCOME!

TO CATALONIA , BARCELONA and CORNELLÀ

Barcelona has the dynamic and open personality so typical of Mediterranean cities.

The cradle of many cultures and a witness to major transformations.. It is a City of artists, and the sea breezes mean that Barcelona enjoys a pleasant climate.

Barcelona is the capital of Catalonia. We hope that you like it and that you can know it a bit better so that some day you can come back. Our nation, Catalonia, like other nations in the Iberian Peninsula, belongs to the Spanish State or Spain. We call it a nation due to hundreds of examples and historical facts that have marked us as a people. Another reason is that we have an own language, Catalan, and, specially, our wish to become it.

There are two official languages in Catalonia: Catalan and Spanish, and there are more and more people in the region who understand and speak English. Spanish is more used than Catalan in the Barcelona area and surroundings, so if you want to practice the Castilian language (also called Spanish) you won't have any problem. According to law, however, placards are in Catalan and Spanish.

Of course we are going to take advantage of our meeting in Barcelona to practice the sport that has joined us: trekking, which is developed through the project *“together we make the way..!”*

Cornellà de Llobregat, historically marked by its proximity to the Llobregat river and the city of Barcelona, Cornellà is one of the towns in the region with more inhabitants. Despite its development, there are several points of interest and events. The heritage is starring Palace Can Mercader, within the magnificent park of the same name, different Modernist buildings such as the building of water currently Agbar, museum or castle eyed among others. Fair facilities host numerous thematic exhibitions throughout the year. In the Auditorium, at his side, major theatrical stagings, Cornellà is internationally known for its Festival of Clowns.
